Products&Accessories

1

FM Eco4 light+ T

A tracking device (2G) with regular housing, small size and internal battery, antennas.

Product Code: FM-Eco4 light+ T

23,00 Eur

2

FM Eco4+ E T

A tracking device (2G) with rugged IP67 certified housing and an external antenna, which allows the device to be installed in areas that are hard to find and access.

Product Code: FM-Eco4+ E T

26,00 Eur

3

Pro Fuel level sensor

The fuel level sensor (FLS) developed and manufactured by Ruptela for fuel management - monitoring fuel level, fuel consumption and preventing fuel theft.

Product Code: Pro_FLS

95,00 Eur

4

GSM / GPS terminal FM-Pro4

A professional tracking device for trucks, buses, construction, agriculture and other heavy-duty machinery.

Product Code: FM-Pro4-001Q

32,00 Eur

5

FM Pro4 3G

GPS tracking device for heavy vehicles.

Product Code: FM-Pro4-3G

53,00 Eur

6

FM Pro4 Basic

GPS tracking device for heavy vehicles.

Product Code: FM-Pro4-Basic

13,00 Eur

7

FM Tco4 HCV

Advanced and powerful tracking device with low power consumption.

Product Code: FM-Tco4-HCV

34,00 Eur

8

EasyCAN (LCV)

Allows reading data from the vehicle's CAN bus interface without physically connecting to the wires.

Product Code: 391

8,00 Eur

HCV5 2G

9

An advanced GPS tracker for trucks, busses, agriculture, and other specialized machinery. It is designed for vehicle tracking and can perform advanced tasks – read on-board computer data (CAN), monitor driver behavior, remotely download tachograph data, manage fuel, etc.

Product Code: HCV5-2G-GL

39,00 Eur

Temperature sensor

10

Designed for measuring the temperature of the cargo and the refrigerators. The sensors operate in a temperature range from -40°C to +120°C.

Product Code: Temp_01

8,00 Eur

EcoDrive Panel

11

A device developed and manufactured by Ruptela for monitoring and education of the drivers in the real-time. The panel informs the driver when his/her driving actions are causing fuel wastage and accelerating vehicle depreciation.

Product Code: Ecodrive01

20,00 Eur

Driver card reader EasyWire

12

Driver card reader with Easy wires.
Compatibility: FM-Tco4 HCV.

Product Code: CRD1_EasyWire

16,00 Eur

EasyCAN Volvo with Easywires

13

EasyCAN Volvo with Easywires. Used to connect the CAN line (J1708) with the CAN interface of our device, using galvanic isolation. RS485 interface. Power supply: 5V. 4 PIN connection.

Product Code: easycan01v_EasyWire

7,00 Eur

FM Eco4 light+ S

14

Low power consumption basic tracking device.

Product Code: FM-EcolightPlus-S

17,00 Eur

EasyCAN (Volvo)

15

Allows reading data from the vehicle's CAN bus interface without physically connecting to the wires. For J1708 connection. This is useful for Volvo and Renault (DXI engine) trucks.

Product Code: easycan01v

8,00 Eur

OBD to 12 V extender wire

16

OBD extender wire used to power from car cigarette lighter type socket. Power supply: 12 V. 16 PIN Female connector.

Product Code: K00106

1,70 Eur

17 Trace5 2G E-TOLL

2G eToll - electronic Toll collection system only for Polish roads.

Product Code: Trace5-2G-E-TOLL

25,00 Eur

18 Driver monitoring kit Samsung Galaxy Tab A 8.0
